AT THE GARRISON *and* HIGHLANDS COUNTRY CLUB

When you hold your intimately-sized event at The Garrison or Highlands Country Club, your guests will enjoy our countryside retreat settings, both just an hour north of Manhattan, nestled in the Hudson Highlands. With an exceptional view of the Hudson River and the distant Catskill mountains, The Garrison comprises 300 stunning acres, and offers a choice of banquet rooms, an Inn, an 18-hole golf course, and our signature Valley restaurant. Highlands radiates old world elegance, with a stately manor house surrounded by a lush landscape. Special events at The Garrison and the Highlands begin and end with personalized attention and service.

Our Special Spaces

The Garrison's indoor spaces – designed by award-winning, minimalist designer Tony Chi – are purposely classic and neutral, magnified by ample natural light. Windgate is a cozy space for up to 65 guests with a wall of French doors that spill onto an open-air deck and a slated terrace that can be tented during warmer weather to accommodate up to 120. The Atrium, ideal for more casual gatherings, also accommodates up to 65. It's a one-of-a-kind open space with high ceilings, skylights, and a balcony.

With the flexibility to combine up to four distinct spaces—the Verandah, Solarium, Tavern and Ballroom—Highlands Country Club can welcome parties up to 150. The grand ballroom is at the center of the estate property. French doors connect a covered verandah and private garden space on one side, and an enclosed glass solarium on the other.
