El Volver, an installation by Laurel Garcia Colvin, at The Studio in Armonk.

Art Galleries

WESTCHESTER COUNTY

Welcome! You have begun a journey of art appreciation, a trip through Westchester County that starts with this brochure. *Art Galleries: Westchester County, NY* is your tool to finding art in Westchester, whether your goal is to acquire works to build upon your collection, or to spend an afternoon browsing and discovering something new.

Art appreciation is a way of life in Westchester County. Our museums boast world class collections, where you can view everything from Picasso tapestries to O'Keeffe oil paintings, Cropsey landscapes to Warhol pop art, Calder sculpture to collections of African Art. Visit any of the over forty art galleries listed and described in this first edition to discover cutting edge works by contemporary artists. In our vibrant local scene you will find something for every taste by artists both emerging and well known – photography, crafts, sculpture, painting, installation and video art are all accessible to the Westchester County visitor. Use the enclosed map to identify the location of each venue in relation to other major points of interest throughout the county.

Every canvas is a journey all its own.
-- Helen Frankenthaler

Once you have experienced the galleries of Westchester County, consider spending time visiting Westchester's historical sites, antiques shops, fine restaurants and picturesque outdoor spaces. On page 12, you will find information on other visitor publications you can order to plan your upcoming trip. Or, if you prefer to receive your cultural tourism information electronically, visit www.westchesterfun.com and sign up for our quarterly e-newsletter!
